

NEW PRODUCT

Introducing the New, Ultimate BLACK DIAMOND™ SERIES Carburetors by QFT™

Key features include the following:

- Unique PTFE Teflon® Coating Designed Specifically for this Application.
- Highly Durable Finish; Impact and Scratch Resistant.
- Impervious to Virtually All Under Hood Chemicals and Fuels.
- Highly Corrosion Resistant - Especially Important for Marine, Coastal, and Harsh Environments.
- Finish Retains Its Original Appearance Longer Than Other Available Coatings.
- Coating Aids in Appearance, Sheds Dirt and Cleans Easily.
- 6% Reduction in Fuel Temperature for Improved Performance.
- Available in Satin Black Finish.
- NitroPlate is Recognized as the Industry Leader in All Types of High Temperature Coatings.
- Q and SS series carbs in stock, call us on (08) 8363 5566 for other options.

QFT™ is partnering with NitroPlate® (<http://nitroplate.com>) to introduce high temperature coating technology for select performance and street carburetors.

Part No.	Description
BDQ-650	BD Q-Series Carburetor 650CFM DR
BDQ-750	BD Q-Series Carburetor 750CFM DR
BDQ-850	BD Q-Series Carburetor 850CFM DR
BDQ-950	BD Q-Series Carburetor 950CFM DR
BD-650	BD SS-Series 650CFM, Mechanical Secondary
BD-680-VS	BD SS-Series 680CFM, Vacuum Secondary
BD-750	BD SS-Series 750CFM, Mechanical Secondary
BD-780-VS	BD SS-Series 780CFM, Vacuum Secondary
BD-830	BD SS-Series 830CFM, Mechanical Secondary
BD-850	BD SS-Series 850CFM, Mechanical Secondary
